Gentlemen:

Enclosed for your review and comment is the Operable Unit No. 5 (Woman Creek Priority Drainage; OU 5) Revised Draft-Final Exposure Assessment Technical Memorandum (EA TM) No. 12. To avoid impacts to the OU 5 schedule, please provide comments by January 23, 1995.

Your staff previously reviewed and commented on the draft OU 5 EA TM. This revision reflects those comments.

To facilitate an expedited review, sections of the EA TM that were changed from the previously reviewed draft are highlighted with a revision bar in the right margin of the text.

If you have any questions, please contact Kurt Muenchow at 966-2184

Sincerely,

Alvan W. Slater
